

RCS596

Description: RCS596 is an aqueous dispersion (slurry) of RCL596 - a multipurpose chloride-process rutile titanium dioxide pigment. It offers the same outstanding combination of gloss, color, opacity and exterior durability of RCL596 coupled with the added convenience and efficiencies afforded by predispersed slurry pigment. RCS596 is especially suited for use in high and semi-gloss interior and exterior decorative and water-based industrial coatings.

Key Features:

- High opacity
- High multipurpose durability
- Exceptional tint strength
- Extreme whiteness
- High gloss
- Manufacturing consistency

Applications: RCS596 is recommended for evaluation in:

- Decorative and architectural coatings interior and exterior
- Water-based industrial coatings
- Water-based primers and undercoats
- Paper and textile coatings

Typical Properties:

- TiO₂ content: 76.5% solids
- Surface treatment: silica, alumina, organic
- pH: 9.0 max.
- Density: 19.6 lbs/gal
- Brookfield viscosity (60rpm, #2): <500 cPs

Additional Information: RCS596 conforms to:

- ASTM D476 Type II, III, IV, V, VI, VII
- ECOIN: listed under EINECS number 236-675-5
- CAS number 13463-67-7
- Color Index 77891, Pigment White 6

Regulatory Status: Due to the wide range of applications for RC596, this subject is too diverse to cover adequately in a technical datasheet. Declarations of conformity, including food contact compliance, can be provided on request. Please contact your INEOS Pigments sales representative.

Unless otherwise provided by applicable law, nothing contained in this literature shall be deemed a representation or warranty of any kind, either expressed or implied. The recommendations and suggestions given in this literature are presented for your own investigation and verification. The products of INEOS Pigments, its subsidiaries and affiliates ("Seller") are sold only on the basis of conforming to specifications, and subject to Seller's standard Terms and Conditions of Sale, but without warranty, expressed or implied, in law or in fact, of merchantability or fitness for a particular purpose and upon the condition that purchasers make their own tests to determine the suitability of such products for their particular purposes. Statements concerning the possible use of Seller's products or processes described are not intended as recommendations or permission to use the same in the infringement of any patent, or to practice a patented invention without a license. By reason of a lack of knowledge as to specific end uses of this product, no representation or warranty is made as to the conformance of the product with food contact laws or regulations.

See the Safety Data Sheet (SDS) for this product for safety information prior to use.
