

REACH Annex XVII

Date: 2021

REACH Annex XVII, Restrictions

Dear valued customer,

The following information is provided to you in response to your request to communicate INEOS's Composites position concerning the Restriction of Substances listed in Annex XVII of REACH.

On June 1, 2009, the Annex XVII of REACH, "Restrictions on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles," entered into force. This annex replaced Directive 76/769/EEC, which directive already contained restrictions on the use of certain substances and preparations. It is therefore a formal and administrative change. Restrictions that were into force prior to June 1, 2009, will remain effective. The only difference is the legislative reference.

The purpose of the legislation is to restrict the use of substances due to unacceptable health/environmental impacts (the standard phrase in the annex is "shall not be used").

INEOS Composites can confirm that it complies with this part of the REACH legislation and substances listed in the Annex XVII are restricted in use, if at all present in the INEOS Composites product portfolio. Where applicable, you will see relevant information on restriction in section 15 of the European SDS for our products.

If you have questions regarding any REACH-related subject, please contact us via your INEOS Composites representative or send us an e-mail with your inquiry at reach.composites@ineos.com.

Kind Regards,

Monica Adria

Product Regulatory Manager, EMEA

IMPORTANT DISCLAIMER

This information has been gratuitously provided by INEOS Composites. Although it is intended to be accurate, INEOS Composites DISCLAIMS ANY AND ALL LIABILITY, EITHER EXPRESS OR IMPLIED. This information is based on many factors beyond INEOS Composites' control, including but not limited to the completeness and accuracy of information received, or the conditions prevailing when operations were observed and/or sampled. In choosing to rely on or use this information, you assume all risk including the results obtained and agree to indemnify INEOS Composites against any and all claims. All recommendations or suggestions must be evaluated by you to determine their applicability or suitability for your particular program. Any information claimed by INEOS Composites to be confidential or proprietary is not to be disclosed to any third party.

REACH will continue to apply in the United Kingdom until the United Kingdom exits the European Union. REACH or REACH-type requirements may continue to apply after the United Kingdom exits the EU, however this is unclear at the moment. Once the consequences of the exit become clearer, INEOS Composites will decide on necessary steps to be taken.
