

HSE Policy INEOS Bamble and INEOS Rafnes

Everyone has a responsibility to contribute to high HSE standards. Management has overall accountability.

Our target is to be a leader in Health, Safety and Environment (HSE) and to operate with the lowest possible environmental footprint by:

- Making health, safety and environmental protection our highest priority
- Providing a safe and rewarding working environment
- Reducing the environmental impact of our operations
- Continuously improving our energy performance
- Complying with or exceeding requirements set by authorities and shareholders
- Using suppliers with high HSE standards
