

Ineos Haulier Safety Event 21 November 2019

The digital EFTCO Cleaning Document or eECD

and future ECLIC USE CASES

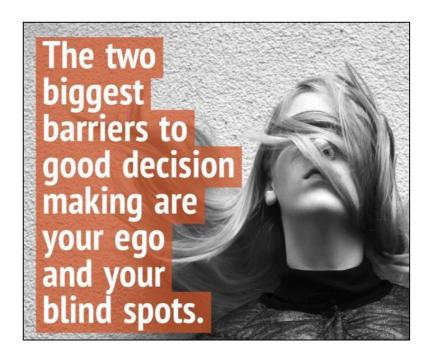

Chemical logistics leaders in 2025: "Running our supply chain processes only on paper is like running blind"

The digital change happens today...!!

"Chemical Supply Chains to become "PHYGITAL"

Phygital Chemical Logistics to meet new customer expectations

- ✓ Logistics Assets driven
- ✓ Individual Company Quality
- ✓ Paper documents
- ✓ "Point to point" B2B and B2G

- ✓ Collaborative Chemical Logistics Service Quality
- ✓ Common e-Document formats
- Harmonized data driven track & trace- Predictable ETA
- ✓ B2B2G federated platforms

Digital eECD Process

eECD Company Network

Compliance
Quality
Safety
Sustainability
Efficiency
Cost

- ✓ No loss of documents
- Reduced waiting times
- ✓ Paper flow automation
- ✓ Sustainable way of working

- ✓ Uniform Workflows
- ✓ Supply Chain Visibility
- ✓ Accurate data sharing
- ✓ Pro-active planning

- ✓ Seamless collaboration
- ✓ Enhanced compliance
- ✓ Trusted Governance
- ✓ Save Time & Money

Due to lack of a better alternative, paper makes us blind...

- ► Paper does not anticipate
- ► Paper creates waiting times
- ► Paper prevents automation
- Paper is slow
- ► Paper is fraude sensitive
- ▶ Paper asks for more Paper
- ► Paper prevents future digital supply chain collaboration

raper prevents ratare digital supply chain collaboration

...and keeps us blind, due to todays fragmented digital solutions...

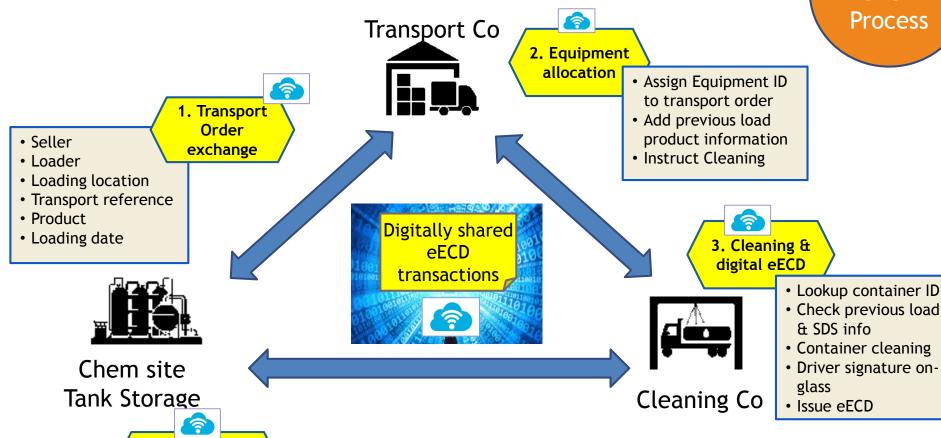

How does the eECD process work?

Digital eECD Process

· Check if load with eECD can be accepted or rejected

• Confirm loading & invalidate eECD

Product MSDS (pdf)

4. eECD load Acceptance & completion

Physical Flow

Information flow

Collaborative Data flow

The digital eECD: BENEFITS

Eclic European Chemical Logistics Information Council

- Reduced waiting times Automated administration
- ► Enhanced compliance thru correct "previous load" info
- Improved customer quality reduce cross-contaminations
- ► Safety data accuracy Direct access on SDS info from the source
- "Real time" tank cleaning status before GATE entry
- ► Harmonized data chain Automated "polymer cleaning guideline"

eECD ensures
tankcontainers remain the
safest and most cost
effective way of transport

Logistics Data Sharing: eECD Ecosystem

Data sharing platform & API's

Technical interoperability

harmonized digital eECD best practice process

Process interoperability

Phygital Collaboration

Individual Subscribers to the eECD platform

eECD Company Network interoperability

Neutral data governance & compliance facilitator
No data monetization
Not for profit
Legal interoperability

Key Pillars of Trust - Data Sharing = Data security

NxtPort: Data custodian & platform

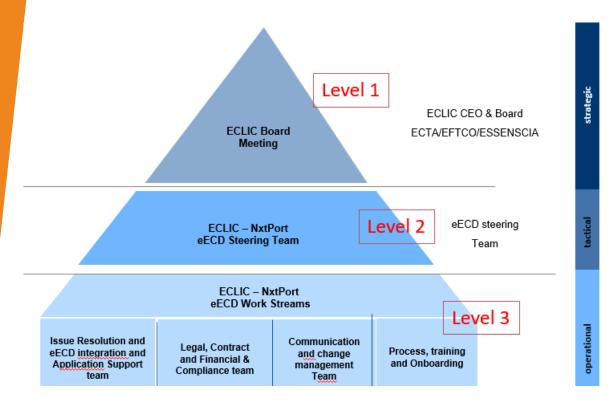

Key Pillars of Trust - Governance & legal framework

ECLIC Governance model - defines which data can be shared for each Use Case

ECLIC Legal Framework - Harmonized legal framework for all companies

- eECD Subscriber Licence Agreement with NxtPort
- NxtPort General Terms & Conditions for ECLIC
- ▶ eECD API Specific User Terms data sharing rules
- Support Service Level Agreement

ECLIC-NxtPort Agreement

NxtPort-Subscriber Agreement and terms

Open book financials

How to connect with eECD application?

Option 1 Web application

Standalone GUI eECD application

Double screen next to own IT system requiring double input

- Part of eECD licence
- Allows quick Start up
- ► API documentation

Option 2 outsourced

- Check with your IT cleaning vendor
- LynX-Lucrasoft + 2 German cleaning software vendors
- Costs with 3rd party vendor

Option 3 API Integration

B2B Direct connection with your IT system to the eECD platform and/or integration within your own IT system.

- Own IT integration & costs
- Central IT Support package available (800€/mday)

Each company decides how to integrate at their own level, speed, cost & interests

How to subscribe and get eECD connected?

Create your eECD admin account

Configure & prepare your organization

3-6 weeks

Submit your eECD registration form email: info@eclic.eu

Pay your invoice to activate licence

eECD company network

Find below the list of companies who already subscribed to the digital eECD process and are preparing their teams, per specific loading or cleaning location, to use the digital eECD within the next 2 months. This list is updated on a regular basis and the purpose is to let the eECD network grow so that companies can find & contact each other within this network and build up the digital eECD experience together. Do you have any further eECD company network question? Please contact info@eclic.eu.
