INEOS Compounds Aycliffe Ltd

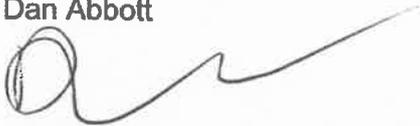

Environmental Policy

INEOS Compounds Aycliffe Ltd is committed to preventing pollution to the environment from its PVC Compounding operation, by operating an Environmental Management System certified to ISO14001:2015 that enables us to:

- Fulfill our compliance obligations
- Apply sound environmental practices & controls in our operations and activities
- Provide a framework for setting and reviewing environmental objectives and identifying opportunities for the continual improvement of the Environmental Management System.
- Ensure that employees are fully competent to control the activities for which they are responsible.
- Communicate this policy to all employees and is available externally to customers, suppliers, and other stakeholders.

This policy applies to all aspects of our PVC compound production. It is the responsibility of every employee, contractor, and supplier to understand and abide by this policy within the scope of their work. It is reviewed annually and whenever significant changes occur in our operations, regulatory requirements, or opportunities for improvement; to ensure it remains suitable, adequate and effective.
