

INEOS Compounds

INEOS Compounds Aycliffe Ltd

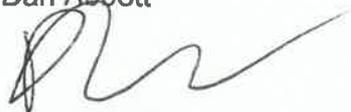

Quality Policy

INEOS Compounds is a leading producer of custom PVC Compounds. Our Quality Management System that is certified to ISO 9001:2015 guides every stage of our operations to ensure that each product consistently meets regulatory requirements and customer expectations.

- **Customer Focus:** We are dedicated to understanding and meeting the unique requirements of our clientele.
- **Compliance and Continuous Improvement:** We pledge to comply with all applicable legal, statutory, and industry standards.
- **Employee Empowerment and Training:** Our workforce is fundamental to our success. We invest in continuous training and development to empower our employees with the skills and knowledge required for high-standard manufacturing and quality assurance. A culture of accountability and collaboration drives our team to contribute to daily improvements and long-term excellence.
- **Sustainability and Safety:** We are committed to responsible manufacturing practices that safeguard the environment and operate to INEOS group workplace safety guidelines. By minimising waste, optimising resource use, and adhering to strict safety protocols, we strive to create a positive impact on our community and support sustainable growth across our operations.
- **Continual Improvement:** We are committed to continually improve the management system, product and services to customers by measuring key performance indicators against annually stated business objectives.

This quality policy is communicated across all levels of the organisation and is available to interested parties. It is reviewed annually and whenever significant changes occur to ensure it remains aligned with our strategic direction and market demands.
